

VIOX DIGITAL

Architecting the Future of the Web

1. COMPANY OVERVIEW

We are a modern digital agency dedicated to bridging the gap between exceptional design and flawless engineering. At Viox Digital, we don't just build websites; we craft immersive, user-centric digital ecosystems. Our mission is to translate complex ideas into seamless digital realities that scale, specialising in clean, minimalist, and performance-driven applications.

2. CORE SERVICES

Full-Stack Web Development

Robust, custom web applications built from the ground up using modern frameworks (HTML, CSS, JavaScript, and advanced backend technologies). From high-speed platforms to offline-first architectures, we write clean, scalable code that performs flawlessly.

Next-Gen UI/UX Design

We specialise in sleek, modern interfaces focusing on minimalist aesthetics, dark-themed elements, and glassmorphic user interface designs. We ensure intuitive navigation and striking visual hierarchies that are both visually stunning and highly functional.

E-Commerce & Digital Strategy

High-converting online storefronts and targeted digital strategies built to define your brand identity and scale your revenue.

3. PRICING & PARTNERSHIP PLANS

STARTER PLAN (499-/-)	PRO PLAN (1290-/-)	APEX PLAN (1990-/-)
-----------------------	--------------------	---------------------

Ideal for personal brands and startup landing pages.	Ideal for growing businesses needing dynamic features.	Ideal for full-scale web apps and enterprise solutions.
<ul style="list-style-type: none"> • Up to 3 Pages • Standard UI Design • Mobile Responsive • 1 Revision Round • Email Support/ 	<ul style="list-style-type: none"> • Up to 8 Pages • Custom UI (Minimalist/ Glassmorphic) • CMS Integration • 3 Revision Rounds • Performance Optimization • Priority Email Support 	<ul style="list-style-type: none"> • E- Commerce (WA API) • Local Search & Meta Tag Optimisation • FAQ's ChatBot • WhatsApp Cart Core Engine • 3D Interactive Flip-Page Menus

All Plans have basic UI Design, and are Mobile Responsive, with E-Mail Support!

4. THE VIOX "FREE DEMO" GUARANTEE (Only on Valid Projects)

We believe in showing, not just telling. Before you commit to a full project, Viox Digital offers a risk-free Trial Phase:

- 30-Minute Discovery Call: We discuss your brand vision, target audience, and technical requirements.
 - Free High-Fidelity Mockup: We provide a custom wireframe or mockup of your homepage's above-the-fold section, tailored to your brand identity—absolutely free.
 - Architecture Blueprint: A brief outline of the recommended tech stack and project timeline so you know exactly what to expect.
- Usually, Free Demo is available for Projects which require less time to make, compared to high end frontend and backend sites. While most of time it will be present, there could be chance, that we won't be able to provide FREE DEMO, but Quality Will Be Ensured.

5. AGENCY POLICIES

Payment Terms

Payment will be made after the product it shipped but However, some complex projects may require Advance Payments, and will be mentioned by agency at prior to Clients.

Please note: All payments will be accepted strictly via UPI.

Revision Policy (Depends on Plan)

Revisions are limited to the terms specified in your chosen plan. A 'revision' includes layout adjustments, colour tweaks, and content changes. Complete structural redesigns requested after the initial mockup approval will incur a separate hourly billing rate.

Refund & Cancellation Policy

If a project is cancelled before the development phase begins, a full refund of the initial deposit will be issued. Once coding and deployment have commenced, the deposit becomes non-refundable to cover labor and resource allocation.

Confidentiality & NDA

Viox Digital strictly respects client privacy. We operate under automatic confidentiality and are fully prepared to sign a formal Non-Disclosure Agreement (NDA) to protect your intellectual property, proprietary business logic, and user data.

Post-Launch Maintenance

Every custom project includes at least 30-day bug-free guarantee. Any technical issues arising from our original code within 30 days of launch will be resolved at no extra cost. Ongoing maintenance packages are available upon request.

Technical Feasibility & Design Constraints

At Viox Digital, we prioritise transparency and performance. Before any development begins, we conduct a comprehensive review of your project requirements. **If a requested design or functionality is technically unfeasible, excessively complex, or cannot be executed to our high standards, we will explicitly inform you prior to project commencement and propose viable, high-quality alternatives.**
